ACKNOWLEDGEMENTS

On the completion of my MA Program and thesis, I would like to acknowledge the concern and invaluable assistance of those who have significantly contributed for my academic achievement.. Without their help and support, it would have been impossible for me to successfully complete my study at Payap University.

First of all, I would like to thank God for giving me an opportunity to study at Payap University and strengthening me throughout my study to complete it and guiding me to learn His purpose for my life through experiences I have had while I was doing my Master program.

I am very grateful to my parents, who never fail to support me with daily prayers, their encouragement and unfailing love which empowered me to endure all the struggles I have been through in these two years. I appreciate the love and support of my elder brothers whenever I am in need.

My heartfelt thank goes to Dr. Graeme Ritchie, my thesis supervisor who helped me as best as he could to finish this thesis within one year. Without his guidance, feedbacks and concern for my thesis, I could not have successfully completed my thesis by now.

My thanks are extended to Dr. Jonathan Leather, one of my thesis committee members for his academic guidance and comments on my thesis and to Adjarn Philip Keay, my student advisor, for his advices and courses.

My special thanks go to World Council of Churches, which provided scholarship for my study in Payap University and all the responsible persons from Myanmar Institute of Theology (MIT) the host organization for my study. Especially, Dr. Anna May Say Pa who has great confidence in me.

I wish to thank Thra Paulu, Dean of BARS program, teachers and staff of BARS program, for their contributions and participation in collection of the necessary data for my research.

I would like to acknowledge the help of my friends from Myanmar, Teaching Assistants from BARS program, for their wonderful friendship and concern for me. I also appreciate Myanmar community at Payap University who made my life more pleasant and enjoyable while I was away from home.

Last, but not the least, my appreciation goes to Maw Gaw, who has been an inspiration for my further study in Thailand and I am truly grateful for his love, his support and all of his encouraging words to endure all hard times during these two years. With love, all things are possible.
