ACKNOWLEDGEMENTS

I want to especially thank the director of the Migrant Learning Center (MLC) for granting me permission to conduct my research at his school. I am grateful to my MLC colleagues for taking so much time to talk with me and help me understand more about Shan culture. I also thank my students for their patience with all of my interviews, questionnaires and discussions in class. I appreciate their honesty and helpfulness. Finally, I want to thank my husband, Peter, who never stopped encouraging me to persevere and finish strong.
